THIS IS MORE OR LESS HOW IT GOES.

FOREWORD.

Sister jun is a romance
I mean, Touka-san likes Ricka-chan too much, right?

Ek? The main character?
She wanted to protect her sister no matter what she had to do
Is that not enough?

And so that's how this book came about
I hope you enjoy it

MY LITTLE SISTER IS THE CUTEST.

Townson goes along with Richardson's delusion settles, and soon we see she's concerned about her a lot I see, so that's how it is, it's love make? It appears like a chemical change has occurred in my brain.

Afterword

Thank you very much,
for reading until the end

It seems that little sister characters
are popular in the world

However, being a little sister
is not what's important!

Being a lovely girl and a little sister!
is what's important!
